**With over 200 stunning photographs, this Japanese design and architecture book showcases some of the most beautiful homes in Japan.**

The simple beauty of Japanese architecture and design has inspired many of the world's top architects and designers. The grace and elegance of the Japanese sensibility is reflected in both modern and traditional Japanese homes, from their fluid floor plans to their use of natural materials.

In *The Japanese House*, renowned Japanese photographer Noboru Murata has captured this Eastern spirit with hundreds of vivid color photographs of 15 Japanese homes. As we step behind the lens with Murata, we're witness to the unique Japanese aesthetic, to the simple proportions modeled after the square of the tatami mat; to refined, rustic decor; to earthy materials like wood, paper, straw, ceramics, and textiles. This is a glorious house-tour readers can return to again and again, for ideas, inspiration or simply admiration.
