Endoscopic Pituitary Surgery: Endocrine, Neuro-Ophthalmologic, and Surgical Management

Endoscopic Pituitary Surgery: Endocrine, Neuro-Ophthalmologic, and Surgical Management

Thieme congratulates Theodore H. Schwartz on being chosen by *New York* magazine for its prestigious Best Doctors 2014 list.

Praise for this book:

This is an unparalleled book on endoscopic pituitary surgery that should be in major neurosurgical, neurological, and medical libraries. -- *Doody's Review*

Offering the unique dual perspective of neurosurgeons and otolaryngologists, *Endoscopic Pituitary Surgery: Endocrine, Neuro-Ophthalmologic and Surgical Management* describes both cutting-edge endoscopic techniques and tried-and-true decision-making methodologies that lead to the most successful outcomes. From choosing the right surgical or non-surgical approach for individual patients, to managing complex endocrine and neuro-ophthalmologic issues, this is the first major reference in the field in nearly a decade, making it the go-to guide for all interdisciplinary specialists who treat pituitary tumors.

Special Features:

- Step-by-step descriptions of the newest endoscopic pituitary and skull base procedures, ensuring that specialists have full mastery of techniques for different tumor types in this surgically challenging area
- The clinical wisdom and perspectives of the masters of pituitary surgery, who share insights on patient selection, endoscopic versus open procedures, medical management, and much more
- Operative pearls from both neurosurgeons and otolaryngologists
- Compelling discussions of the pros and cons of various procedures (e.g., the utility of intraoperative MRI in pituitary surgery cases)
- Inclusion of detail-revealing 3D endoscopic images (complete with 3D glasses)
- Rationale for a collaborative neurosurgery--otolaryngology team approach to developing and implementing the most innovative endoscopic and skull base techniques

Enhanced by hundreds of images, decision-making algorithms, and clinical pearls from experts on each tumor type, *Endoscopic Pituitary Surgery* is a comprehensive guide representing the current palette of available treatment options. It is indispensable for residents in training as well as for practicing neurosurgeons and otolaryngologists who are making the transition to the newest minimally invasive endoscopic procedures in the treatment of pituitary lesions.

Juana Houck:

The reason why? Because this Endoscopic Pituitary Surgery: Endocrine, Neuro-Ophthalmologic, and Surgical Management is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will jolt you with the secret it inside. Reading this book close to it was fantastic author who have write the book in such wonderful way makes the content inside of easier to understand, entertaining method but still convey the meaning totally. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of benefits than the other book get such as help improving your proficiency and your critical thinking method. So , still want to hold up having that book? If I had been you I will go to the e-book store hurriedly.

Laura Thibodeau:

This Endoscopic Pituitary Surgery: Endocrine, Neuro-Ophthalmologic, and Surgical Management is great guide for you because the content and that is full of information for you who else always deal with world and still have to make decision every minute. This kind of book reveal it facts accurately using great coordinate word or we can point out no rambling sentences included. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but difficult core information with

splendid delivering sentences. Having Endoscopic Pituitary Surgery: Endocrine, Neuro-Ophthalmologic, and Surgical Management in your hand like finding the world in your arm, facts in it is not ridiculous just one. We can say that no guide that offer you world inside ten or fifteen minute right but this reserve already do that. So , this is good reading book. Hey there Mr. and Mrs. active do you still doubt that?
