**SELservice: Uno scandalo altoatesino (Italian Edition)** Christoph Franceschini

Scandalo SEL, "Stein an Stein", truffa, estorsione: tutto nell'interesse pubblico? Il caso della società elettrica provinciale SEL è una vera e propria lezione di politica altoatesina. Il giornalista Christoph Franceschini rivela le manovre sospette dietro alla presunta buona intenzione della "riconquista dell'energia": documenti di gara manipolati, concorrenti ricattati, consiglieri amministrativi ingannati, partecipazioni nascoste dietro società fiduciarie, affari intesi a creare un vantaggio economico per gli interessati. Non è più un caso isolato: è un sistema.

Alcuni protagonisti della faccenda sono stati condannati, ma per capire davvero quanto fosse profonda la palude della corruzione ci è voluto questo libro. Dopo avere visionato centinaia di pagine di atti giudiziari e materiale probante e dopo anni di ricerche e interviste con gli interessati, l'autore è finalmente in grado di svelare tutta la verità: l'Alto Adige è un self-service.
