Real Family Values: Leading Your Family into the 21st Century with Clarity and Conviction Robert Lewis

This rerelease of the popular original edition continues to speak to parents in a society where "family values" no longer seem to exist. If anything, today's community standards threaten the family. Airwaves and movie theaters are drenched with obscenities; perversion is glorified; divorce is cheap and easy; "safe sex" is promoted instead of abstinence; parental authority is undermined; sex roles are confused. For children, such cultural chaos is crippling. But in *Real Family Values*, parents will learn how to sort through today's moral confusion, remove it from their homes, and change the world by zeroing in on the part they love most: their families.

From the Trade Paperback edition.
