Laboratory Investigations: AP Chemistry David Hostage, Martin Fossett

This student laboratory manual contains 18 classroom-tested, AP-level investigations to help students succeed in AP Chemistry. The book provides full coverage of the 22 suggested lab topics in the College Board AP Chemistry Course Description booklet. Most experiments cover multiple lab topics for most productive use of lab time and are designed to be completed in high school time blocks. The book is flexible enough to be used with any chemistry text.
