## **Orkney Folk Tales** Tom Muir

Tom Muir takes you on a magical journey through the mysterious Orkney Islands, where the past and the present meet. Using the ancient stories that were told by the firesides of the Picts and Vikings, we hear how the islands were created from the teeth of a monster; how a giant created lochs and hills in his greed for fertile land; and how the waves are controlled by the hand of a goddess. Here ancient standing stones walk and burial mounds are the home of the trows. Invisible islands are encountered, home to fin folk and mermaids, while seals are not always what they seem to be. Witches raise storms and predict the outcome of a battle; ghosts seek revenge; and teh devil sits in the rafters of St Magnus Cathedral, taking notes!
