Delmar's Review for the Medical Records Administrator and Technician Certifying Exams Beth H. Anderson

This comprehensive exam review is designed to successfully prepare students for both the Medical Records Administrator and Medical Records Technician certifying exams given by the American Health Information Management Association (AHIMA). Sample questions (209 for MRT and 212 for MRA) are organized around the ten content areas tested on the national certifying exams. The questions are coded by competency to aid study. Detailed rationales, scoring sheets, and suggested sources for further study are also included. Each chapter covers one of the ten content areas tested on the national exam. Correct answers are provided along with references and/or a rationale for each answer at the end of each chapter. The format of this exam review allows students to determine their areas of strength and weakness. An essential tool for exam preparation, this review can benefit not only the student seeking certification, but also test the practicing health information management professional's knowledge and skills. (AH, nursing, HIM, MA, Med. Transcription, health information management)
