Cate's sister may be a clone, but that doesn't make her a killer. Does it? Murder, morality, and a slow-burning romance fill the pages of this futuristic thriller "for die-hard fans of *Divergent* and *The Hunger Games*" (*Kirkus Reviews*).

When Cate Benson was a kid, her sister, Violet, died. Two hours after the funeral, Cate's family picked up Violet's replacement like nothing had happened. Because Cate's parents are among those who decided to give their children a sort of immortality by cloning them at birth—which means this new Violet has the same face. The same perfect smile. She even has all of the same memories as the girl she replaced.

She also might have murdered the most popular girl in school.

At least, that's what the paparazzi and the anti-cloning protestors want everyone to think: that clones are violent, unpredictable monsters. Cate is used to hearing all that. She's used to defending her sister, too. But Violet has vanished, and when Cate sets out to find her, she ends up in the line of fire instead. Because Cate is getting dangerously close to secrets that will rock the foundation of everything she thought was true.

As a pupil exactly feel bored in order to reading. If their teacher inquired them to go to the library or even make summary for some guide, they are complained. Just tiny students that has reading's heart or real their passion. They just do what the professor want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So, this Falls the Shadow can make you really feel more interested to read.
