Bibliophile Jacob

La Cryptographie, ou l'art d'écrire en chiffres (French Edition) Bibliophile Jacob

Nous allons essayer de faire connaître quelques-uns des procédés mis en usage afin de permettre à des personnes séparées par des distances souvent considérables, de communiquer entre elles, en recouvrant ces communications du voile du mystère. Ces procédés forment une véritable science qui a reçu, comme tant d'autres, un nom tiré du grec. La Cryptographie ou Stéganographie est l'art d'écrire de façon à dérober à autrui la connaissance de ce qu'on a tracé. On peut s'efforcer de dissimuler l'existence de l'écrit. On emploie, en ce but, les encres du sympathie dont nous parlerons plus tard, ou bien l'on tâche de cacher soigneusement le papier auquel on a confié son secret. Mais plus habituellement on a recours aux divers procédés en usage afin de jeter, sur une dépêche qui peut tomber dans des mains indiscreètes, un voile qu'on fait de son mieux pour rendre impénétrable.
