Stalemate: Why We Can't Win The War on Terror and What We Should Do Instead

Greg C. Reeson

Stalemate: Why We Can't Win The War on Terror and What We Should Do Instead Greg C. Reeson
This book argues that the United States is waging an unwinnable war against terrorism and that Muslim extremist ideology is a problem we can manage, but not soon solve. It begins with a look at the transition from the Cold War to an era of globalization that facilitated the 9/11 terrorist attacks, then explains how the al Qaeda organization founded by Osama bin Laden has transformed into a global network of like-minded terrorist groups collectively known as Al Qaeda and Associated Movements, or AQAM. The author then discusses the components of strategy before walking the reader through the elements of national power (Diplomatic, Information, Military, Economic, Intelligence, Law Enforcement) used by the United States in a comprehensive and coordinated effort to reduce the risk of terrorist violence against American citizens and interests worldwide. He concludes with a look at the global hotspots where the United States will likely be involved for the foreseeable future, a brief discussion of what constitutes victory in this framework, and the role the United States will have to take on in the international system in the future.
