The Epochs of International Law

Wilhelm Georg Grewe

The Epochs of International Law Wilhelm Georg Grewe

Wilhelm G. Grewe's "Epochen der Völkerrechtsgeschichte", published in 1984, is widely regarded as one of the classic twentieth century works of international law. This revised translation by Michael Byers of Duke University, Durham, North Carolina, makes this important book available to non-German readers for the first time. "The Epochs of International Law" provides a theoretical overview and detailed analysis of the history of international law from the Middle Ages, to the Age of Discovery and the Thirty Years War, from Napoleon Bonaparte to the Treaty of Versailles, the Cold War and the Age of the Single Superpower, and does so in a way that reflects Grewe's own experience as one of Germany's leading diplomats and professors of international law. A new chapter, written by Wilhelm G. Grewe and Michael Byers, updates the book to October 1998, making the revised translation of interest to German international lawyers, international relations scholars and historians as well. Wilhelm G. Grewe was one of Germany's leading diplomats, serving as West German ambassador to Washington, Tokyo and NATO, and was a member of the International Court of Arbitration in The Hague. Subsequently professor of International Law at the University of Freiburg, he remains one of Germany's most famous academic lawyers. Wilhelm G. Grewe died in January 2000. Professor Dr. Michael Byers, Duke University, School of Law, Durham, North Carolina, formerly a Fellow of Jesus College, Oxford, and a visiting Fellow of the Max-Planck-Institute for Comparative Public Law and International Law, Heidelberg.
