## **America Unraveling: A Politically Incorrect Analysis of Public Faith and Culture** L. Scott Smith

In these pages, L. Scott Smith, a new prophetic voice of reason and reform, advances a two-fisted defense of America's public faith, while offering a scorching critique of the current state of the nation's culture. He exposes the deficiencies in the theory of a godless Constitution, describes secularism as an antireligious religion, explains why the formative principles of the philosophy of liberalism are logical gobbledegook, charges that the United States Supreme Court is galloping toward krytocracy, and contends that the nation's immigration policy and the multiculturalism it has spawned are erecting a Tower of Babel. He courageously points the way forward out of the quagmire in which the nation is trapped. This book is a **MUST READ** for every American who is troubled by the dismal and frightening cultural climate in which we now live.
