## **The Quinolones** Vincent T. Andriole

Quinolones constitute a large class of synthetic antimicrobial agents that are highly effective in the treatment of many types of infectious diseases, particularly those caused by bacteria. New quinolones are continually being developed as bacterial species develop resistance to existing quinolones. This book presents the most current information available in our continual struggle to conquer disease.

Over time, bacteria become resistant to medicines that are used to combat them. Because of this, the medical world is always in search of new and improved ways to battle these disease-causing bacteria. Quinolones are at the forefront of this research.

Edited by one of the world's foremost authorities on the subject, the third edition of this highly successful title will serve as a valuable tool for primary care physicians and researchers interested in a comprehensive, up-to-date reference on the chemistry, mechanisms of action, development of resistance, and clinical efficacy of both currently available and newer quinolone compounds under investigation. This is the eagerly anticipated fully revised edition of the standard reference in the field.

### Key Features

- \* Eagerly anticipated updated edition of noted title covering synthetic microbial agents that are useful against infectious disease, particularly those caused by bacteria
- \* Edited by one of the foremost experts in the field of quinolone research and infectious disease
- \* History of quinolones, chemistry & mechanisms of action, pharmacology, safety aspects
- \* Role of quinolones in treating various types of infections, including respiratory infections, gastrointestinal infections, urinary tract infections, prostatitis, STDs and bacterial meningitis as well as their use in immunocompromised patients

#### **Frances Drury:**

As a pupil exactly feel bored for you to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just very little students that has reading's heart and soul or real their passion. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading significantly. Any students feel that reading is not important, boring in addition to can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this The Quinolones can make you experience more interested to read.
