## Sound (Salvage) Alexandra Duncan

*Sound* is the stand-alone companion to Alexandra Duncan's acclaimed debut novel *Salvage*, which was praised by internationally bestselling author Stephanie Perkins as "brilliant, feminist science fiction." For fans of Beth Revis, *Firefly*, and *Battlestar Galactica*.

As a child, Ava's adopted sister, Miyole, watched her mother take to the stars, piloting her own ship from Earth to space making deliveries. Now a teen herself, Miyole is finally living her dream as a research assistant on her very first space voyage. If she plays her cards right, she could even be given permission to conduct her own research and experiments in her own habitat lab on the flight home. But when her ship saves a rover that has been viciously attacked by looters and kidnappers, Miyole, along with a rescued rover girl named Cassia, embarks on a mission to rescue Cassia's abducted brother, and that changes the course of Miyole's life forever. Harrowing, provocative, and stunning, *Sound* begins roughly a decade after the action in the author's critically acclaimed *Salvage*, and is a powerful stand-alone companion.

### From reader reviews:

#### **Pamela Pinkham:**

Here thing why this Sound (Salvage) are different and reputable to be yours. First of all looking at a book is good but it really depends in the content of computer which is the content is as delightful as food or not. Sound (Salvage) giving you information deeper and in different ways, you can find any guide out there but there is no book that similar with Sound (Salvage). It gives you thrill reading through journey, its open up your eyes about the thing this happened in the world which is possibly can be happened around you. You can actually bring everywhere like in playground, café, or even in your method home by train. In case you are having difficulties in bringing the published book maybe the form of Sound (Salvage) in e-book can be your substitute.

#### **Myra Coronado:**

Information is provisions for individuals to get better life, information currently can get by anyone from everywhere. The information can be a information or any news even a concern. What people must be consider while those information which is inside the former life are challenging to be find than now's taking seriously which one is suitable to believe or which one the particular resource are convinced. If you have the unstable resource then you obtain it as your main information there will be huge disadvantage for you. All those possibilities will not happen in you if you take Sound (Salvage) as the daily resource information.

#### **David Miller:**

The guide with title Sound (Salvage) possesses a lot of information that you can learn it. You can get a lot of gain after read this book. This book exist new information the information that exist in this publication represented the condition of the world currently. That is important to yo7u to learn how the improvement of the world. This book will bring you within new era of the glowbal growth. You can read the e-book on your own smart phone, so you can read it anywhere you want.

#### **Sandra Brown:**

Why? Because this Sound (Salvage) is an unordinary book that the inside of the guide waiting for you to snap it but latter it will shock you with the secret this inside. Reading this book close to it was fantastic author who also write the book in such incredible way makes the content inside of easier to understand, entertaining way but still convey the meaning totally. So , it is good for you because of not hesitating having this anymore or you going to regret it. This book will give you a lot of gains than the other book have got such as help improving your skill and your critical thinking approach. So , still want to postpone having that book? If I were you I will go to the e-book store hurriedly.
