Los niños diferentes. Diagnóstico prenatal y eugenesia infantil. ¿Hay alternativas? (Spanish Edition)

José Manuel Moreno Villares

Ante el vertiginoso ajetreo científico aparece este libro. Un libro que permite detenernos durante unos instantes y reposar la mirada en el otro; ese otro que es el "niño diferente". Pocas personas como José Manuel Moreno han sabido ver en el "niño diferente" al "niño igual". Igual porque su dignidad es la misma. Igual porque, como nosotros, también sufre y goza con nuestro mundo. Es un libro que apela a nuestra inteligencia. Lejos de argumentos sensibleros expone razones y datos objetivos, que nos hablan de la utilidad del cribado de enfermedades y sus consecuencias, del derecho a la vulnerabilidad, de la eutanasia infantil... Nos ofrece una visión, avalada en bibliografía certera, del rumbo que está tomando la medicina de nuestro tiempo, que parece alejarse del viejo aforismo: "si puedes curar: cura; si no puedes curar: alivia; si no puedes aliviar: consuela" sustituyéndolo por "si puedes curar: cura, si no puedes curar: ¡huye!" Pero lejos de un enfoque pesimista nos transmite una inquietud pausada, fruto del trabajo diario de José Manuel Moreno con sus pequeños pacientes; con una mirada serena, dispuesta siempre a aprender, y que tanto enseña.
