## **Minerals of Britain and Ireland** Andrew G. Tindle

Minerals of Britain and Ireland is a completely comprehensive treatment of the minerals found in Britain, Ireland and the surrounding islands. Beautifully illustrated throughout with over 550 colour and black & white images, the book provides exhaustive coverage of the remarkably wide range of minerals found in this part of the world. \*\*\* "Considering the enormous scope of this project, Andy Tindle has defied the odds to deliver a masterpiece on British Mineralogy that is unlikely to be bettered for another 150 years. Everyone seriously interested in British mineralogy will be delighted with the book and should order a copy immediately! Even those who have only a minor interest in British mineralogy will find this to be an invaluable reference to add to their library." -- Mindat.org
