How do you select the best recent works of fiction, oral tradition, and poetry about African-American, Asian-American, Hispanic-American, and Native-American Indian experiences and traditions from the profusion of titles being published today? This annotated bibliography of titles for children and young adults published from 1985 through the end of 1993--with 60% published since 1990--provides a one-stop selection tool. Appraisals of 559 titles, as well as information about an additional 188 recent books and 90 earlier ones of importance, are provided.

Each entry features a plot summary incorporating themes, critical comments with a judgment of the book's value as an example of its genre, suggestions of other books by that writer, and related books of importance. The authors, who are recognized authorities in children's literature, and an advisory board of librarians and teachers, each of whom specializes in the literature of a particular ethnic group, have provided insightful critical appraisals and expertise and guidance in the selection of titles. Helpful subject, grade-level, author, title, and illustrator indexes are organized for ease of use. Titles in the grade-level and subject indexes are also identified by ethnic group.
