This fun and educational book, good for all ages, is filled with fascinating information about animals, alongside unique hand-drawn illustrations that add to the entertainment. Lars-Ake Janzon is the on-call biologist at the Swedish Museum of Natural History, where one of his jobs is to answer visitors' questions. For over ten years, he has been researching things like:

- If a mosquito is hit by a drop of water, will it die?
- Are ducks faithful to one partner all their lives?
- Which animals are the biggest or fastest?
- How many acorns can a squirrel peel in one day?
- Can fish swim backwards?

The questions and answers included are imaginative and instructive, and Janzon's style is accessible to readers with even a casual interest in understanding just a little bit more about nature.
