Il Corpo-Oggetto (Italian Edition) Rita Marchetti

Il Corpo-oggetto è un saggio sulla bioetica che mette in evidenza il rapporto tra leggi, etica e scienza in conseguenza delle scoperte e delle richieste di brevetti comprendenti frammenti di DNA, e delle possibilità di ottenere applicazioni della scienza sia negli uomini che in molte specie viventi. I problemi morali collegati agli sviluppi della scienza, però, sottopongono a shock impreveduti quasi tutte le dottrine e le fedi, e anche le opinioni personali oscillano fra sentimenti e orientamenti opposti.
