The Old Men at the Zoo

Angus Wilson

The Old Men at the Zoo Angus Wilson

Set in a near future (the novel was first published in 1961 and is set in the period 1970-73), this is Angus Wilson's most allegorical novel, about a doomed attempt to set up a reserve for wild animals.

Simon Carter, secretary of the London Zoo, has accepted responsibility and power to the prejudice of his gifts as a naturalist. But power is more than just the complicated game played by the old men at the zoo in the satirical first half of this novel: it lies very near to violence, and in the second half real life inexorably turns to fantasy - the fantasy of war.

This tense and at times brutal story offers the healing relationship between man and the natural world as a solution for the power dilemma.
