A range of textbooks and teacher support materials for AS and A level Pre 2008 specification. Developed specifically for the new specifications for AS Chemistry for teaching from September 2000 and has been endorsed by OCR for use with the OCR Chemistry specification A. It contains core material for the first year leading to the AS qualification, and covers the three AS modules. In combination with other books in the series it provides full coverage of the Advanced Level specifications. Learning objectives are clearly defined, self-assessment questions (with answers) and exam-style end-of-chapter exercises offer excellent opportunities for independent study. Chapter introductions and summaries provide the basis for structured revision. With full-colour illustration and a student-friendly design.
