**The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1 of Renowned Environmentalist Viktor Schauberger's Eco-Technology Series** Viktor Schauberger, Callum Coats

*More energy is encapsulated in every drop of good spring water than an average-sized power station is presently able to produce.*

**Viktor Schauberger (1885–1958)**

Water – all life depends on it. Yet how often do we stop to consider its true significance, its essential nature? *The Water Wizard*, the first volume of the *Eco-Technology* series which presents the original, passionate and convincing research of Viktor Schauberger in translation for the first time, looks at the importance of water to our daily lives.

Schauberger was a pioneering genius who combined keen observation of Nature with intuitive brilliance and a sharp engineer's brain. One of the first genuine environmentalists, he was predicting ecological catastrophe when no-one else could see it coming. In the era of global warming, deforestation and desertification, Schauberger's predictions are now being proven right. A fearless exponent of natural energy who revelled in doing battle with contemporary orthodox scientists, his work is enjoying a worldwide revival because he was able to convey how an understanding of Nature's subtle energies is essential to our survival.

Schauberger made a lifelong study of water – from mountain streams to river flows and from domestic supplies to advances hydraulics – developing profound and radical theories about its inherent energies, which earned him the name of 'the Water Wizard'. According to Schauberger, water is akin to blood in the human body – the most important life-giving and energy-empowering substance on the planet. Yet, with incorrect, ignorant handling, it becomes diseased, affecting human, animal and vegetable life alike, causing physical decay and, in the case of people, their moral, mental and spiritual deterioration as well. Sadly, the same extractive and water management policies that Schauberger indicts in *The Water Wizard*, which brought devastation and widespread pollution in his day, are still being practiced today, leading to a revival of interest in Schauberger's work.

Themes covered in *The Water Wizard* include:

- The natural pulsation of water and how to maintain it
- How minute differences in temperature affect the natural function of water in the earth, in plants and in rivers
- How to regulate rivers without damaging their vitality and health
- The natural conversion of sea-water into fresh water
- The consequences of sterilisation and chlorination of water.

The *Eco-Technology* series makes available for the first time Viktor Schauberger's original writings and passionate debates. Callum Coats has painstakingly collected, translated and edited the material for what promises to be the most definitive study yet of this extraordinary man's life and work.

## ***The Water Wizard: Table of Contents***

- The Nature of Water
- The Quantitative and Qualitative Deterioration of Water
- The Conduction of the Earth's Blood
- Temperature and the Movement of Water and Other Unpublished Texts on River Engineering
- Fundamental Principles of River Regulation and Status of Temperature in Flowing Water
- The Natural Movement of Water over the Earth's Surface
- The Rhine and the Danube
- The Dr. Ehrenberger Affair
- The Learned Scientist and the Star in the Hailstone
- Appendix: Patent Applications

### **From reader reviews:**

#### **Doris Seavey:**

This The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1 of Renowned Environmentalist Viktor Schauburger's Eco-Technology Series book is simply not ordinary book, you have after that it the world is in your hands. The benefit you get by reading this book will be information inside this guide incredible fresh, you will get facts which is getting deeper you read a lot of information you will get. This The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1 of Renowned Environmentalist Viktor Schauburger's Eco-Technology Series without we recognize teach the one who reading through it become critical in considering and analyzing. Don't be worry The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1 of Renowned Environmentalist Viktor Schauburger's Eco-Technology Series can bring once you are and not make your case space or bookshelves' turn into full because you can have it with your lovely laptop even cell phone. This The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1 of Renowned Environmentalist Viktor Schauburger's Eco-Technology Series having fine arrangement in word along with layout, so you will not sense uninterested in reading.

#### **Johanna Bassett:**

The event that you get from The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1 of Renowned Environmentalist Viktor Schauburger's Eco-Technology Series could be the more deep you rooting the information that hide inside words the more you get considering reading it. It does not mean that this book is hard to understand but The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1 of Renowned Environmentalist Viktor Schauburger's Eco-Technology Series giving you excitement feeling of reading. The copy writer conveys their point in particular way that can be understood by simply anyone who read the item because the author of this guide is well-known enough. This kind of book also makes your vocabulary increase well. It is therefore easy to understand then can go together with you, both in printed or e-book style are available. We highly recommend you for having that The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1 of Renowned Environmentalist Viktor Schauburger's Eco-Technology Series instantly.

#### **Paul Lopez:**

You can obtain this The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1 of Renowned Environmentalist Viktor Schauburger's Eco-Technology Series by go to the bookstore or Mall. Simply viewing or reviewing it might to be your solve challenge if you get difficulties for ones knowledge. Kinds of this e-book are various. Not only by simply written or printed but in addition can you enjoy this book by e-book. In the modern era such as now, you just looking by your local mobile phone and searching what your problem. Right now, choose your ways to get more information about your e-book. It is most important to arrange you to ultimately make your knowledge are still revise. Let's try to choose proper ways for you.

**Ronnie Chaney:**

Some individuals said that they feel bored when they reading a e-book. They are directly felt this when they get a half areas of the book. You can choose typically the book *The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1* of Renowned Environmentalist Viktor Schauberger's Eco-Technology Series to make your own reading is interesting. Your personal skill of reading skill is developing when you such as reading. Try to choose straightforward book to make you enjoy to see it and mingle the impression about book and reading through especially. It is to be 1st opinion for you to like to start a book and go through it. Beside that the reserve *The Water Wizard - The Extraordinary Properties of Natural Water: Volume 1* of Renowned Environmentalist Viktor Schauberger's Eco-Technology Series can to be your brand-new friend when you're sense alone and confuse in doing what must you're doing of their time.
