# Statistical Methods for Drug Safety (Chapman & Hall/CRC Biostatistics Series)

*Robert D. Gibbons, Anup Amatya*

**Statistical Methods for Drug Safety (Chapman & Hall/CRC Biostatistics Series)** Robert D. Gibbons, Anup Amatya

*Explore Important Tools for High-Quality Work in Pharmaceutical Safety*

**Statistical Methods for Drug Safety** presents a wide variety of statistical approaches for analyzing pharmacoepidemiologic data. It covers both commonly used techniques, such as proportional reporting ratios for the analysis of spontaneous adverse event reports, and newer approaches, such as the use of marginal structural models for controlling dynamic selection bias in the analysis of large-scale longitudinal observational data.

*Choose the Right Statistical Approach for Analyzing Your Drug Safety Data*

The book describes linear and non-linear mixed-effects models, discrete-time survival models, and new approaches to the meta-analysis of rare binary adverse events. It explores research involving the re-analysis of complete longitudinal patient records from randomized clinical trials. The book discusses causal inference models, including propensity score matching, marginal structural models, and differential effects, as well as mixed-effects Poisson regression models for analyzing ecological data, such as county-level adverse event rates. The authors also cover numerous other methods useful for the analysis of within-subject and between-subject variation in adverse events abstracted from large-scale medical claims databases, electronic health records, and additional observational data streams.

*Advance Statistical Practice in Pharmacoepidemiology*

Authored by two professors at the forefront of developing new statistical methodologies to address pharmacoepidemiologic problems, this book provides a cohesive compendium of statistical methods that pharmacoepidemiologists can readily use in their work. It also encourages statistical scientists to develop new methods that go beyond the foundation covered in the text.

### **From reader reviews:**

#### **Rachel Robertson:**

Now a day individuals who Living in the era wherever everything reachable by connect with the internet and the resources in it can be true or not involve people to be aware of each facts they get. How many people to be smart in receiving any information nowadays? Of course the answer is reading a book. Reading a book can help persons out of this uncertainty Information specifically this Statistical Methods for Drug Safety (Chapman & Hall/CRC Biostatistics Series) book because this book offers you rich information and knowledge. Of course the info in this book hundred per-cent guarantees there is no doubt in it everybody knows.

#### **Jonas Jones:**

The event that you get from Statistical Methods for Drug Safety (Chapman & Hall/CRC Biostatistics Series) may be the more deep you rooting the information that hide into the words the more you get enthusiastic about reading it. It doesn't mean that this book is hard to recognise but Statistical Methods for Drug Safety (Chapman & Hall/CRC Biostatistics Series) giving you excitement feeling of reading. The article author conveys their point in a number of way that can be understood by means of anyone who read this because the author of this reserve is well-known enough. That book also makes your personal vocabulary increase well. Therefore it is easy to understand then can go to you, both in printed or e-book style are available. We advise you for having that Statistical Methods for Drug Safety (Chapman & Hall/CRC Biostatistics Series) instantly.

#### **Michael Nunn:**

Your reading 6th sense will not betray an individual, why because this Statistical Methods for Drug Safety (Chapman & Hall/CRC Biostatistics Series) e-book written by well-known writer whose to say well how to make book that can be understand by anyone who have read the book. Written throughout good manner for you, leaking every ideas and writing skill only for eliminate your current hunger then you still hesitation Statistical Methods for Drug Safety (Chapman & Hall/CRC Biostatistics Series) as good book not just by the cover but also by content. This is one book that can break don't evaluate book by its handle, so do you still needing a different sixth sense to pick this!? Oh come on your looking at sixth sense already alerted you so why you have to listening to an additional sixth sense.

#### **Angela Rodriguez:**

Many people spending their period by playing outside having friends, fun activity with family or just watching TV the entire day. You can have new activity to invest your whole day by looking at a book. Ugh, do you consider reading a book can actually hard because you have to use the book everywhere? It alright you can have the e-book, having everywhere you want in your Smartphone. Like Statistical Methods for Drug Safety (Chapman & Hall/CRC Biostatistics Series) which is keeping the e-book version. So , why not

try out this book? Let's observe.
