## Takeover Activity, Valuation Estimates and Merger Gains: Modern Empirical Developments: 1 (Corporate Takeovers) B. Espen Eckbo

A selection of republished corporate finance articles and book chapters that can serve as an advanced corporate finance supplementary text for courses that use no textbooks. Combining convenience and an affordable price with retypeset pages and a high-quality index, the 600 pages of volume one, "Takeover Activity, Valuation Estimates and Sources of Merger Gains", focus on classical issues such as the existence and source of merger waves, empirical estimates of takeover announcement returns and the division of takeover gains between bidders and targets, and tests for potential sources of takeover gains (primarily involving estimation of industry wealth effects of takeovers), introducing students to modern scientific evidence about corporate takeovers. Including an index and new introduction, this volume will simplify and facilitate students' interaction with new concepts and applications.

Offers a concise and cost-efficient package of journal and book articles for advanced corporate finance students
