#### Scaling Big Data with Hadoop and Solr Hrishikesh Karambelkar

### In Detail

As data grows exponentially day-by-day, extracting information becomes a tedious activity in itself. Technologies like Hadoop are trying to address some of the concerns, while Solr provides high-speed faceted search. Bringing these two technologies together is helping organizations resolve the problem of information extraction from Big Data by providing excellent distributed faceted search capabilities.

Scaling Big Data with Hadoop and Solr is a step-by-step guide that helps you build high performance enterprise search engines while scaling data. Starting with the basics of Apache Hadoop and Solr, this book then dives into advanced topics of optimizing search with some interesting real-world use cases and sample Java code.

Scaling Big Data with Hadoop and Solr starts by teaching you the basics of Big Data technologies including Hadoop and its ecosystem and Apache Solr. It explains the different approaches of scaling Big Data with Hadoop and Solr, with discussion regarding the applicability, benefits, and drawbacks of each approach. It then walks readers through how sharding and indexing can be performed on Big Data followed by the performance optimization of Big Data search. Finally, it covers some real-world use cases for Big Data scaling.

With this book, you will learn everything you need to know to build a distributed enterprise search platform as well as how to optimize this search to a greater extent resulting in maximum utilization of available resources.

### Approach

This book is a step-by-step tutorial that will enable you to leverage the flexible search functionality of Apache Solr together with the Big Data power of Apache Hadoop.

### Who this book is for

Scaling Big Data with Hadoop and Solr provides guidance to developers who wish to build high-speed enterprise search platforms using Hadoop and Solr. This book is primarily aimed at Java programmers who wish to extend the Hadoop platform to make it run as an enterprise search without any prior knowledge of Apache Hadoop and Solr.

#### From reader reviews:

#### **Gertrude Call:**

What do you with regards to book? It is not important with you? Or just adding material when you want something to explain what yours problem? How about your time? Or are you busy man or woman? If you don't have spare time to accomplish others business, it is make you feel bored faster. And you have time? What did you do? Everyone has many questions above. They have to answer that question because just their can do that. It said that about e-book. Book is familiar on every person. Yes, it is proper. Because start from on jardín de infancia until university need this particular Scaling Big Data with Hadoop and Solr to read.

#### **Robert Heck:**

Playing with family in a park, coming to see the sea world or hanging out with buddies is thing that usually you will have done when you have spare time, then why you don't try issue that really opposite from that. One activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Scaling Big Data with Hadoop and Solr, it is possible to enjoy both. It is good combination right, you still would like to miss it? What kind of hang-out type is it? Oh come on its mind hangout guys. What? Still don't have it, oh come on its called reading friends.

#### **Tracy Rojas:**

Are you kind of stressful person, only have 10 or maybe 15 minute in your day time to upgrading your mind proficiency or thinking skill also analytical thinking? Then you have problem with the book as compared to can satisfy your small amount of time to read it because all this time you only find reserve that need more time to be go through. Scaling Big Data with Hadoop and Solr can be your answer as it can be read by anyone who have those short free time problems.

#### **Bernice Capps:**

E-book is one of source of understanding. We can add our know-how from it. Not only for students but in addition native or citizen need book to know the update information of year for you to year. As we know those books have many advantages. Beside most of us add our knowledge, could also bring us to around the world. Through the book Scaling Big Data with Hadoop and Solr we can acquire more advantage. Don't one to be creative people? To get creative person must love to read a book. Simply choose the best book that suited with your aim. Don't end up being doubt to change your life by this book Scaling Big Data with Hadoop and Solr. You can more inviting than now.
